The EX-95 Gold Medal Sire BLITZ is a true milk master. At almost 14 years of age, this 7HO3948 EMORY son remains healthy with a tremendous physical appearance and continues to rank among the top 5 bulls at WWS for Milk at +1948. Part of BLITZ’s appeal has been his strong type pattern that allows daughters to not only milk volumes but also achieve success on classification day and in the show ring.

BLITZ is popular around the globe for his unique ability to combine milk yield and type. In Canada, he currently ranks second in the breed for Milk at +2948 kg. He is No. 3 for Milk in the UK. BLITZ made Canadian history in 2005 when he was the first ever sire to simultaneously hold the top-ranked positions for Lifetime Profit Index (LPI), Milk, and Type.
