

# New Graduate

JANUARY 2010

## *Comments*

The release of the January genetic evaluations in the United States was marked by a base change. The smaller PTA's resulting from the base change will take some time to get used to, but to put some of the changes into perspective, a +2.00 PTAT and +2.00 UDC sire should now rank among the top 40 in the breed for those traits.

WWS had a great sire summary, resulting in 18 outstanding Holstein graduates by seven different sires, including the first 14HO3597 POTTER sons to enter the WWS line-up.

These additions to our line-up feature sires that top the lists in several categories, including:

Elite TPI sires: Nine sires over +1850 TPI

Big-Time Milk: Five new graduates are above +1000 PTAM

Type Specialists: Three bulls at +2.00 PTAT or higher

Elite Udder Composites: Four sires over +2.00 UDC, including one over +3.50 UDC!

Strong FLC: Six bulls from +2.19 to +3.00 FLC

High Component Sires: 10 sires that are positive for both Fat % and Protein %

Easy Calvings: 17 of the 18 new graduates are 7% CE or below (just one at 8% SCE). Three sires are 5% CE

### **7HO8885 Henkeseen EMPHASIS-ET**

VG-87 Titanic x EX-92 GMD DOM 7HO5157 DURHAM x EX-91 2E GMD DOM 7HO3948 EMORY x EX-94 GMD DOM Henkeseen M Hillary (Holiday) x EX-94 GMD DOM 7HO0980 MARK x VG-88 GMD DOM 9HO0584 CHAIRMAN x VG-85 7HO0195 CONDUCTOR

- Big-league new release for type! Leads the list of WWS new bulls for PTAT, UDC and FLC
- The only sire in active AI that is over +3.00 UDC and +3.00 FLC
- Unique Titanic son because he combines elite type with solid management traits: +3.6 PL, +2.63 SCS, and 7% SCE
- Top 100 TPI sire at +1867
- From the same cow family as 7HO8190 SANCHEZ, the No. 1 PTAT bull at WWS
- A nice cross on 7HO7596 LAURIN and 7HO7712 SOCRATES daughters

### **14HO5260 Kamps-Hollow HOLLYWOOD-ET**

14HO3597 POTTER x EX-90 EX-MS DOM 7HO5157 DURHAM x VG-88 GMD DOM Duster x VG-87 Leadman x EX-92 EX-MS 14HO0673 JESSE x EX-90 DOM Valiant x EX-91 7HO0058 ELEVATION x EX-91 Royal Pontiac
